RE: 2017-2018 Final Budget

The total final budget for the Citrus County School District for the fiscal year 2017-2018 totals \$217,981,120. This total includes appropriations of \$181,381,578 and \$36,599,542 in reserves for all funds. This final budget reflects an overall increase of \$1,609,983 from the tentative budget as approved by the Board on July 25, 2017. No significant changes have been made since the tentative budget was approved only to the Debt Service Fund with an adjustment to the fund balance.

Growth has been slow to come back to Citrus County. Currently, there is a growth of 57 students for the second calculation from the previous year. Enrollment as of September 5, 2017 was up by over 100 students. Indications are that the Citrus County Schools are finally starting to see growth in elementary and middle schools, while high schools are trending flat to declining. Alternative options to traditional high schools are having a potential impact, such as, virtual and charter schools; this may be some explanation to the flat or declining enrollment numbers at the high school.

Property tax revenue is generated through the millage levied against the school taxable value. This year school taxable value is up by over \$400 million or 4.5%. This increase in property value is a positive sign of growth in Citrus County and the economy starting to rebound.

The largest fund is the General Fund, which is used for the operations of the school district. The total General Fund budget is \$132.4 million of which \$6.6 million is the fund balance. The budget is balanced with no use of fund balance, notwithstanding the restricted rollovers. The largest component of the General Fund is funded through the Florida Education Finance Program (FEFP). The FEFP is comprised of many line items that represent restricted funding. The majority of the FEFP is the base funding which totals approximately \$64 million. This is used primarily to fund personnel services, teachers. The remaining \$42.7 million, approximately \$33 million is earmarked for restricted funding ranging from textbooks, student transportation, ESE services, security, class size reduction, etc. Funding through this program totals approximately \$106.6 million, which is approximately \$1.1 million more than last year's funding.

The FEFP is comprised of two funding sources, state and local. The state funding totals \$60 million (57%) and local funding totals \$46 million (43%) of the FEFP. The local sources of funding are derived from property tax dollars which, millage rates are set by the State. The Required Local Effort millage rate totals 4.331. This millage will raise \$39.4 million. The second millage rate is the Discretionary millage of 0.748, which will raise \$6.8 million. Local tax dollars will raise \$46.2 million for operations through the FEFP.

The challenge for the General Fund continues to be adequate funding from the Legislature. The level of funding for the last two years has been approximate increase of 1% each year. This increase only allows the District to meet the increased demands of health insurance and the Florida Retirement System. These increased demands and additional resources for schools continue to challenge the General Fund to meet the demands of the ever-increasing challenges of education.

The next largest fund is the Capital Fund. The fund totals \$37.7 million, which \$21 million is appropriated and \$16.7 million remains in the Capital Fund balance. The capital millage assessment generates most of the revenue. The revenues derived from local tax dollars through the 1.500 capital outlay millage will be approximately \$13.6 million. Expenditures in the Capital Fund have been managed to increase the fund balance due to declining revenues. Although local capital outlay millage has increased over last years, the State's allocation of PECO maintenance has decreased. Last year's estimate of FY 2018 revenue was \$513,000 and has now been adjusted to \$342,000.

The Capital funds are used for construction, remodeling, maintenance of schools, technology (one to one), school buses, bond payments, property and casualty insurance, etc.

The third major fund is the Special Revenue Fund. This fund represents funding derived from the Federal Government. Currently in that fund are the entitlement grants of Title I and IDEA. Secondly, the fund encompasses the funding of the Food Service Department. Special revenue funds, except for Food Service, are derived through cost reimbursement. After funds have been expensed, the Federal government reimburses the District. The Food Service department carries a fund balance to ensure adequate funds are available to feed the students as well as keeping furniture, fixtures, and equipment up to date. The total budget for Special Revenue is \$20.5 million of which Food Service has a fund balance of \$3.1 million.

The last major fund is the Internal Service Fund, which totals \$19.4 million. This fund is used to support the District's Health Insurance Fund as well as the Wellness Center. Revenues are derived from premiums; expenses are comprised of medical claims and the operations of the Wellness Center. The budget is encompassing of \$16.1 million in appropriations and reserves of \$3.3 million. The reserves are needed to adequately fund the plan and the cost of claims. This fund balance is a derivative from the plan to get the health insurance plan back on stable ground and to be able to support itself without contributions from the General Fund.

The Final budget as presented represents appropriations needed to fund the operations of the School District in the most efficient and effective manner. The operations of the schools are funded at levels that are supported by funding as provided by the FEFP and the Legislature.

FEFP FUNDING

Florida Education Finance Program (FEFP) Funding Components

In 1973 the Florida Legislature enacted the Florida Education Finance Program (FEFP) and established the state policy on equalized funding to guarantee to each student in the Florida public education system the availability of programs and services appropriate to his or her educational needs that are substantially equal to those available to any similar student notwithstanding geographic differences and varying local economic factors.

To equalize educational opportunities, the FEFP formula recognizes: (1) varying local property tax bases; (2) varying education program costs; (3) varying costs of living; and (4) varying costs for equivalent educational programs due to sparsity and dispersion of the student population.

The FEFP is the primary mechanism for funding the operating costs of Florida school districts. As noted herein, there are other sources of funding; however, the FEFP is the foundation for financing Florida's K-12 educational programs. A key feature of the FEFP is that it bases financial support for education upon the individual student participating in a particular educational program rather than upon the number of teachers or classrooms. FEFP funds are primarily generated by multiplying the number of full-time equivalent (FTE) students in each of the funded education programs by cost factors to obtain weighted FTE students. Weighted FTE students are then multiplied by a base student allocation and by a district cost differential to determine the base funding from state and local FEFP funds. Program cost factors are determined by the Florida Legislature and represent relative cost differences among the FEFP programs. In addition to the base funding allocation, two major allocations within the FEFP are the Supplemental Academic Instruction Allocation and Exceptional Student Education (ESE) Guaranteed Allocation.

The amount of Gross State and Local FEFP Dollars for each school district is determined by the following components:

Unweighted Full-Time Equivalent Students (UFTE)

A full-time equivalent student for FEFP funding purposes is one student in membership in one or more FEFP programs for a school year or its equivalent. The FTE generated by a student for the purposes of FEFP funding is limited to 1.0 FTE during the 180-day school year. For the 2017-2018 fiscal year, the UFTE is 15,057.52.

Program Cost Factors

Program cost factors assure that each program receives an equitable share of funds in relation to its relative cost per student. Through the annual program cost report, districts report the expenditures for each FEFP program. The cost per FTE student of each FEFP program is used to produce an index of relative costs with the cost per FTE of Basic, Grades 4-8, established as the 1.000 base. In order to protect districts from extreme fluctuation in program cost factors, the Legislature typically uses a three-year average in computing cost factors.

Weighted Full-Time Equivalent Students (WFTE)

Multiplying the UFTE students for a program by its cost factor produces weighted FTE. The calculation weights the FTE to reflect the relative costs of the programs as represented by the program cost factors. For the 2017-2018 fiscal year, the WFTE is 16,099.42.

Base Student Allocation

The base student allocation is determined annually by the Legislature and is a component in the calculation of Base Funding. For the 2017-2018 fiscal year, the BSA is \$4,203.95.

District Cost Differential

Section 1011.62(2), F.S., requires the Commissioner to annually compute District Cost Differentials (DCDs) by adding each district's Florida Price Level Index for the most recent three years and dividing the sum by three. The result is multiplied by 0.800 and divided by 100 and 0.200 is added to the product to obtain the DCD. This serves to limit the factor's adjustment to 80 percent of the index (i.e., the approximate percentage of district salary costs to total operating costs). The three-year averaging reduces the immediate impact on districts of sudden changes in the index. For the 2017-2018 fiscal year, the DCD is 0.9480.

Base Funding

Base funding is derived from the product of the weighted FTE students, multiplied by the Base Student Allocation and the District Cost Differential. For the 2017-2018 fiscal year, the base funding is \$64,161,737.

Declining Enrollment Supplement

The declining enrollment supplement is determined by comparing the unweighted FTE for the current year to the unweighted FTE of the prior year. In those districts where there is a decline in unweighted FTE, 25 percent of the decline is multiplied by the prior-year base funding per unweighted FTE. For the 2017-2018 fiscal year, the district will not receive Declining Enrollment Supplement.

Sparsity Supplement

The FEFP recognizes the relatively higher operating cost of smaller districts due to sparse student population through a statutory formula in which the variable factor is a sparsity index. This index is computed by dividing the FTE of the district by the number of permanent senior high school centers (not to exceed three). By General Appropriations Act proviso, participation is limited to districts of 24,000 or fewer FTE students. There are four adjustments to the initial sparsity computation, including a wealth adjustment. For the 2017-2018 fiscal year, the sparsity supplement is \$2,076,413.

Safe Schools

An amount of \$64,456,019 was appropriated for Safe Schools activities for the 2017-2018 fiscal year. From the appropriation, 67 percent shall be allocated based on the latest official Florida Crime Index provided by the Department of Law Enforcement, and 33 percent shall be allocated based on each district's share of the state's total unweighted student enrollment. Safe Schools activities include: (1) after-school programs for middle school students; (2) middle and high school programs for correction of specific discipline problems; (3) other improvements to enhance the learning environment, including implementation of conflict resolution strategies; (4) behavior-driven intervention programs that include anger and aggression management strategies; (5) alternative school programs for adjudicated youth; (6) suicide prevention programs; (7) bullying prevention and intervention; (8) school resource officers; and (9) detection dogs. Each district shall determine, based on a review of its existing programs and priorities, the amount of its total allocation to use for each authorized Safe Schools activity. For the 2017-2018 fiscal year, the safe school allocation is \$310,246.

Supplemental Academic Instruction (SAI)

The SAI component of the FEFP formula provides funding of \$712,207,631 for the 2017-2018 fiscal year. From these funds, at least \$75,000,000, together with funds provided in the district's research-based reading instruction allocation and other available funds, shall be used by districts with one or more of the 300 lowest performing elementary schools based on the statewide, standardized English Language Arts assessment to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools that have level 5 reading assessment scores may choose to participate in the additional hour of instruction on an optional basis. For the 2017-2018 fiscal year, the SAI allocation is \$3,306,710.

Reading Instruction

Funds in the amount of \$130,000,000 are provided for a K-12 comprehensive, district-wide system of research-based reading instruction for the for the 2017-2018 fiscal year. The amount of \$115,000 shall be allocated to each district and the remaining balance shall be allocated based on each district's proportion of the total K-12 base funding. From these funds, at least \$15,000,000 shall be used to provide an additional hour of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in the 300 lowest performing elementary schools based on the state reading assessment pursuant to sections 1008.22(3) and 1011.62(9), F.S. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the additional hour of instruction on an optional basis. ESE centers shall not be included in the 300 schools Pursuant to section 1008.32, F.S., the Florida State Board of Education shall withhold funds from a school district that fails to comply with this requirement. For the 2017-2018 fiscal year, the reading instruction allocation is \$716,362.

Exceptional Student Education (ESE) Guaranteed Allocation

ESE services for students whose level of service is less than Support Levels 4 and 5 are funded through the ESE Guaranteed Allocation. The students generate FTE funding using the appropriate Basic Program weight for their grade level. This allocation provides for the additional services needed for exceptional students. District allocations from the appropriation of \$1,060,770,374 for the 2017-2018 fiscal year are not recalculated during the year. For the 2017-2018 fiscal year, the ESE allocation is \$6,807,576.

Department of Juvenile Justice (DJJ) Supplemental Allocation

The total K-12 weighted full-time equivalent student membership in juvenile justice education programs in each school district shall be multiplied by the amount of the state average class-size reduction factor multiplied by the district's cost differential. An amount equal to the sum of this calculation shall be allocated in the FEFP to each school district to supplement other sources of funding for students in juvenile justice education programs. Citrus County houses the Cypress Creek DJJ facility. For the 2017-2018 fiscal year, the DJJ allocation is \$150,554.

Student Transportation

To provide the equitable distribution of funds for safe and efficient transportation services in school districts in support of student learning, \$438,875,286 was appropriated for Student Transportation in 2017-2018. The formula for allocating the requested funds as outlined in section 1011.68, F.S., contains the following provisions in the state allocation for student transportation: 1) students with special transportation needs earn a higher rate of funding than base students; and 2) base funding for each district is established by the district's proportionate share of the total statewide students eligible for transportation; and (3) indices are applied that modify the base funding amount to reward more efficient bus utilization, compensate for rural population density, and adjust funding based on the cost of living. For the 2017-2018 fiscal year, the student transportation allocation is \$3,692,560.

Instructional Materials

Funds in the amount of \$230,743,258 are provided to purchase instructional materials. This includes \$165,000,000 to purchase instructional content, as well as electronic devices and technology equipment and infrastructure. The remainder is for core subject instructional materials. Instructional Materials funding also provides \$12,184,490 for library/media materials, \$3,330,427, science lab materials and supplies, \$10,329,494 for dual enrollment instructional materials and \$3,114,988 for digital instructional materials for students with disabilities. The funds are allocated to the districts based on the formula in Section 1011.67, F.S. For the 2017-2018 fiscal year, the instructional materials allocation is \$1,205,164.

Florida Teachers Classroom Supply Assistance Program (formally Lead)

This appropriation provides an allocation to each school district based on the prorated total of each school district's share of the total K-12 unweighted FTE student enrollment. Pursuant to Section 1012.71, F.S., the funds are to be used only by classroom teachers for the purchase of classroom instructional materials and supplies for use in teaching students. An appropriation of \$45,286,750 was allocated for the Florida Teachers Classroom Supply Program in 2017-2018. For the 2017-2018 fiscal year, the Florida teacher classroom supply assistance program allocation is \$243,824.

Virtual Education

The virtual education contribution shall be allocated pursuant to the formula provided in section 1011.62(11), F.S. The contribution shall be based on \$5,230 per FTE student. For the 2017-2018 fiscal year, the virtual education allocation is \$4,271.

Digital Classrooms Allocation

Funds in the amount of \$80,000,000 are provided to school districts to support school and district efforts and strategies to improve outcomes related to student performance by integrating technology in classroom teaching and learning. The amount of \$250,000 shall be allocated to each district and the remaining balance shall be allocated based on each school district's share of the total K-12 unweighted FTE student enrollment. Pursuant to section 1011.62(12), F.S., each district school board must adopt a district digital classrooms plan that meets the unique needs of students, schools, and personnel and submit the plan for approval to the Department of Education. This plan must be within the general parameters established in the Florida digital classrooms plan pursuant to section 1001.20, F.S and the funds must be used to support the implementation of these plans. For the 2017-2018 fiscal year, the digital classrooms allocation is \$734,205.

Required Local Effort

The district required local effort is subtracted from the state and local FEFP dollars. The amount of required local effort that each district must provide to participate in the FEFP is calculated by the Commissioner using the certified 2017 tax roll from the Department of Revenue. For the current fiscal year FEFP calculation, each district's contribution for required local effort is the product of the certified mills times 96% of the taxable value for school purposes of the district. Section 1011.62(4), F.S., directs the Commissioner to adjust required local effort millage rates if the millage would produce more than 90% of a district's total FEFP entitlement. For the 2017-2018 fiscal year, the required local effort is \$39,425,778.

Adjustments

The FDOE is authorized to make prior-year adjustments in the allocation of funds to a district for adjudication of litigation, arithmetical errors, assessment roll change, FTE student membership errors or allocation errors revealed in an audit report. An under-allocation in a prior year caused by a school district's error may not be the basis for a positive allocation adjustment for the current year.

If state revenue collections are not sufficient to fund the amount appropriated for the FEFP, a special session may be held to reduce the appropriation and allocations. If the program calculates an amount that exceeds the appropriation, a proration of available funds will be deducted from a districts' calculated funding in proportion to each district's relative share of state and local FEFP dollars. This procedure preserves equity in the distribution of available dollars.

If appropriated funds for the FEFP were inadvertently omitted in the FEFP Conference Report, these funds will be added in a later calculation as an additional allocation. This allocation will be distributed based on each district's share of the base funding. In 2016-2017 the 4th Calculation the proration to funds was (\$39,426).

Class Size Reduction

As a result of the voter-approved amendment to Article IX, Section 1, of the Florida Constitution, regarding class size reduction, additional operating and capital outlay funds were appropriated to assist districts in their efforts to reach the class size maximums. Beginning with the 2010-11 school year, Florida classrooms may have no more than 18 students in grades PK-3, 22 students in grades 4-8, and 25 students in grades 9-12. The district school board must develop a plan for the school to be in full compliance by the next October student survey. If a district school board determines that it is impractical, educationally unsound or disruptive to student learning, students who enroll after the October student membership survey may be temporarily assigned to a class that exceeds the maximums cited above. Un to three students may be assigned to a teacher in grade group K-3. Up to five students may be assigned to a teacher in grade groups 4-8 & 9-12.

For 2017-2018, the class size reduction appropriation is \$3,097,734,706 for operations. These funds are used by districts primarily to hire teachers to meet class size requirements. For the 2017-2018 fiscal year, the class size reduction funds are \$15,395,513..

District Discretionary Lottery and School Recognition Program Funds

An amount of \$134,582,877 was appropriated for school recognition funds and district discretionary lottery funds for the 2017-2018. The first priority in the use of the funds is the Florida School Recognition Program, which is authorized by section 1008.36, F.S. The Florida School Recognition Program provides monetary awards to schools that earn an "A" grade, improve at least one performance grade from the previous year or sustain the previous year's improvement of more than one letter grade. The Florida Legislature provided for awards of up to \$100 per student for the 2016-2017 school year, which are to be used for nonrecurring bonuses to the faculty and staff, nonrecurring expenditures for educational equipment or materials or for temporary personnel to assist the school in maintaining or improving student performance. The school's staff and school advisory council (SAC) must decide to spend these funds for one or any combination of these three purposes. If the school's staff and SAC cannot reach agreement by February 1, the awards must be equally distributed to all classroom teachers currently teaching in the school.

District Discretionary Lottery and School Recognition Program funds remaining after funding the Florida School Recognition Program are allocated to school districts based on each district's proportionate share of the FEFP base funding entitlement (WFTE x BSA x DCD). School boards must allocate up to \$5 per unweighted FTE student to be used at the discretion of the SAC or, in the absence of such a council, at the discretion of the staff and parents of the school. These moneys may not be used for capital improvements or for any project or program that has a duration of more than one year; however, a school advisory council or parent advisory committee may independently determine that a program or project funded in a prior year should receive funds in a subsequent year. If there are insufficient funds remaining to fully fund the SACs priorities, then the funds are prorated to the SACs. Also, see sections 24.121(5) (c) and 1001.452, F.S., relative to school advisory councils and expenditure of these funds.

No funds shall be released for any purpose from the Educational Enhancement Trust Fund to any school district which one or more schools do not have an approved school improvement plan pursuant to section 1001.42(18), F.S., or do not comply with school advisory council membership composition requirements pursuant to section 1001.452(1), F.S. For the 2017-2018 fiscal year, the district discretionary lottery and school recognition program funds are \$426,544.

CONSOLIDATED FUNDS

FUND CLASSIFICATIONS

A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following funds are included in this budget document:

Special Revenue Funds.

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Special revenue funds should not be used to account for resources held in trust for individuals, private organizations, or other governments. Florida school districts should disclose in the notes to the financial statements the purpose of each major special revenue fund, identifying which revenues and other resources are reported in each of those funds. Florida school districts should report federal categorical aid and food services as revenue funds.

APPROPRIATIONS

FUNCTION CLASSIFICATION

Function classifications indicate the overall purpose or objective of an expenditure. Functions are group-related activities aimed at accomplishing a major service or regulatory responsibility. Expenditures should be reported in the function that reflects the cost incidence.

The activities of a local school system are classified into five broad areas: Instruction, Instructional Support, General Support, Community Services, and Nonprogram Charges (Debt Service and Transfers). Unless specifically listed, the FDOE does not require direct coding of the third and fourth characters of function codes.

<u>Code</u>	<u>Description</u>
5XXX	<p><u>Instructional</u></p> <p>Instruction includes the activities dealing directly with the teaching of students, or the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as in a home or hospital, or in other learning environments such as those involving cocurricular activities. Teaching may also be provided through some other approved medium such as television, radio, computer, Internet, multimedia, telephone or correspondence. This function includes the activities of paraprofessionals or assistants of any type who assist in the instructional process.</p>
61XX	<p><u>Student Personnel Services</u></p> <p>Activities that are designed to assess and improve the well -being of students and to supplement the teaching process. These activities are classifiable under various sub-function codes: 6110 Attendance & Social Work; 6120 Guidance Services; 6130 Health Services; 6140 Psychological Services; 6150 Parental Involvement; 6190 Other Pupil Personnel Services.</p>
62XX	<p><u>Instructional Media Services</u></p> <p>Activities concerned with directing, managing, and supervising educational media services as well as such activities as selecting, acquiring, preparing, cataloging, and circulating books and other printed materials; planning for the use of the library by students, teachers, and other members of the instructional staff; and guiding individuals in their use of library books, reference guides and materials, catalog materials, special collections, and other materials, whether maintained separately or as a part of an instructional materials center. These activities include developing and acquiring library materials and operating library facilities.</p>

- 63XX Instruction and Curriculum Development Services
- Activities designed to aid teachers in developing the curriculum, preparing and utilizing special curriculum materials, and understanding and appreciating the various techniques, which stimulate and motivate pupils. Included in this function are the following instructional support specialists: primary, technology, learning resource, and behavioral.
- 64XX Instructional Staff Training Services
- Activities designed to contribute to the professional or occupational growth and competence of members of the instructional staff (defined in Rule 6A-1.052, FAC, Non-certificated Instructional Personnel, and 6A-1.0503, Qualified Instructional Personnel) during the time of their service to the school board or school. Among these activities are workshops, demonstrations, school visits, courses for college credits, sabbatical leaves, and travel leaves. All in-service training costs are to be recorded in this function and Function 7730 (Non-Instructional). Hiring substitute teachers to cover classes of teachers participating in training is a cost of in-service training and should be coded to Function 6400. Paraprofessional training should be coded to Function 7730.
- 65XX Instruction Related Technology
- Technology activities and services for the purpose of supporting instruction. These activities include expenditures for internal technology support as well as support provided by external vendors using operating funds. These activities include costs associated with the administration and supervision of technology personnel, systems planning and analysis, systems application development, systems operation, network support services, hardware maintenance and support services, and technology-related costs that relate to the support of instructional activities. Specifically, costs associated with the operation and support of computer learning labs, media center computer labs, instructional technology centers, instructional networks, and similar operations should be captured in this code.
- 71XX Board
- Consists of the activities of the elected or appointed body that has been created according to state law and vested with responsibilities for educational activities in a given administrative unit. Also included here are expenses of Board Attorney and other legal services, independent auditors, internal auditors that report directly to the Board, negotiators, lobbyists.
- 72XX General Administration (Superintendent's Office)
- Activities performed by the superintendent and the assistant superintendents in general direction and management of all affairs of the school system. This includes all personnel and materials in the office of the superintendent. Activities of the deputy superintendent and associate or assistant superintendents should be charged here unless they can be placed properly into another function.

73XX School Administration (Office of the Principal)

Activities concerned with directing and managing the operation of a particular school. This function includes the activities performed by the principal, assistant principal, and other assistants in general supervision of all operations of the school, evaluations of staff members of the school, assignment of duties of staff members, supervision and maintenance of the records of the school, and coordination of school instructional activities with instructional activities of the school system. It includes clerical staff for these activities.

74XX Facilities Acquisition and Construction

Activities concerned with the acquisition of land and buildings, remodeling buildings, construction of buildings and additions, initial installation or extension of service systems and other built-in equipment, and improvement to sites. This function is not limited to purchases made with capital funds.

75XX Fiscal Services

Activities concerned with fiscal operation of the school system. This function includes budgeting, receiving and disbursing cash, financial accounting, payroll, inventory control, internal auditing, and investments and funds management. Internal audit staff who do not report to the district school board should be included in this function. Independent auditors or auditors who report directly to the Board should be coded to Function 7100.

76XX Food Services

Activities concerned with providing food to students and staff in a school or school system. This function includes the preparation and serving of regular and incidental meals, lunches or snacks in connection with school activities and the delivery of food. Food purchased and served outside the district's defined food service program must be charged as a purchased service of the applicable function.

77XX Central Services

Activities, other than general administration, that support the other instructional and supporting services programs. These activities are defined in the following sub functions: 7710 Planning, Research, Development, and Evaluation Services; 7720 Information Services; 7730 Staff Services; 7740 Statistical Services; 7760 Internal Services; 7790 Other Central Services.

78XX Student Transportation Services

Activities associated with the transportation of students to and from school activities, either between home and school, from school to school, or on trips for curricular or cocurricular activities. Expenditures for the administration of pupil transportation services are recorded under these accounts, together with other student transportation service expenditures. Transportation expenditures not related to student transportation services should be reported in the function related to the purpose of the expenditure.

79XX	<u>Operation of Plant</u> Activities concerned with keeping the physical plant open and ready for use. Major components of this function are utilities, including telephone service, custodial costs, building rentals, and insurance costs associated with school buildings. This function includes cleaning, disinfecting, moving furniture, routine maintenance of grounds and heating, ventilation and air conditioning systems, providing school crossing guards, security, and other such activities that are performed on a daily, weekly, monthly, or seasonal basis. Operation of plant does not encompass repairs and replacements of facilities and equipment. Tasks of Custodians should be charged to this function, unless they can be coded appropriately to another function.
81XX	<u>Maintenance of Plant</u> Activities that are concerned with maintaining the grounds, buildings and equipment at an acceptable level of efficiency through repairs or preventative maintenance.
82XX	<u>Administrative Technology Services</u> Activities concerned with supporting the school district's information technology systems, including supporting administrative networks, maintaining administrative information systems, and processing data for administrative and managerial purposes. These activities include expenditures for internal technology support, as well as support provided by external vendors using operating funds. These activities include costs associated with the administration and supervision of technology personnel, systems planning and analysis, systems application development, systems operations, network support services, hardware maintenance and support services, and other technology-related administrative costs.
91XX	<u>Community Services</u> Community Service consist of those activities that are not related to providing education for pupils in a school system. These include services provided by the school system for the community as a whole or some segment of the community, such as community recreation programs, civic activities, public libraries, programs of custody and care of children, financial aid, and community welfare activities. This function does not include instructional programs.
92XX	<u>Debt Service</u> To record expenditures related to the issuance and retirement of debt, including issuance fees, principal and interest payments, and other debt-related expenditures..
97XX	<u>Transfer of Funds</u> Nonreciprocal interfund activity represented by the disbursement of cash or goods from one fund within the district to another fund without an equivalent return and without requirement of repayment.

OBJECT CLASSIFICATIONS

Object classification indicates the type of goods or services obtained as the result of a specific expenditure. Seven major object categories are identified: Salaries, Employee Benefits, Purchased Services, Energy Services, Materials and Supplies, Capital Outlay and Other. An additional object for other financing uses is included for transfers between funds.

<u>Code</u>	<u>Description</u>
1XXX	<u>Salaries</u> Amounts paid to employees of the school system who are considered to be in positions of a permanent nature, including personnel under written contract substituting for individuals in permanent positions. This includes gross salary for personal services rendered while on the payroll of the district school board.
2XXX	<u>Employee Benefits</u> Amounts paid by the school system on behalf of employees. These amounts are not included in gross salary. Such payments are fringe benefits and, while not paid directly to employees, are part of the cost of employing staff. Benefits should be identified with the function in which the salaries are recorded. In the special case of Worker's Compensation, a functional prorated amount based on an approximate premium cost is required.
3XXX	<u>Purchased Services</u> Amounts paid for personal services rendered by personnel who are not on the payroll of the district school board, and other services that the Board may purchase. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.
4XXX	<u>Energy Services</u> Expenditures for the various types of energy used by the district.
5XXX	<u>Materials and Supplies</u> Amounts paid for items of an expendable nature that are consumed, worn out, or deteriorated in use, or items that lose their identity through fabrication or incorporation into different or more complex units or substances.
6XXX	<u>Capital Outlay</u> Expenditures for the acquisition of capital assets or additions to capital assets. These are expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling of buildings, initial equipment, and replacement equipment, and software.
7XXX	<u>Other Expenses</u> Amounts paid for goods and services not previously classified. This includes expenditures for the retirement of debt, judgments against the school system, and the payment of dues and fees.

Program Information / Service Provided

The Finance Department records and reports financial information about the school district. This is accomplished through the accounts payable, budget, fixed assets, purchasing and internal accounts departments. Various functions include filing the associated required reports, overseeing the schools' internal accounts, providing support in the development and implementation of the District's budget, tracking fixed and capital assets and issuing payment to vendors.

The Purchasing Department contributes to the education of the Citrus County School District students through cost effective, competitive procurement of supplies and services. This Department also processes District surplus properties as needed.

The Warehouse Department operates to provide the services of receiving, storing and shipping to our customers. The services will be provided effectively and efficiently as possible. The Warehouse also is responsible for facilitating the sorting and delivery of all intercounty and USPS mail for the District.

Program Information / Service Provided

These funds provide materials, equipment, personnel, training, and programs to support ESE students. The Exceptional Student Education Department is a team consisting of Administrators, Specialists, Teachers, School Psychologists, Therapists, Job Coaches, Interpreters, Parent Liaison, and Teacher Aides. The responsibilities of the department include the coordination, planning, implementation, and evaluation of all exceptional education programs and psychological services. This includes the coordination of all ESE projects, reports, grants and budgets as well as the coordination of all ESE federal and state program monitoring and audit activities. We coordinate the development, implementation, and on-going evaluation of exceptional student education curriculum, instructional materials, technology, equipment, and staff development. We are required to develop, implement and monitor the procedures for the identification, placement, and IEP development for all exceptional education students. We provide training, support, and leadership to all school based ESE Specialists in their roles as LEA Representatives. We must maintain knowledge of current federal, state, and local rules, statutes, and policies. We represent the district in all due process proceedings and mediations.

The ESE Department also collaborates with other district departments, school staff, school board members, executive leadership team, department of education, statewide projects (FDLRS, FIN, CARD, SEDNET, PBS, Project 10, etc.) outside agencies, community members, students, and parents. We provide leadership in the development of the district's 504 plan and procedures and support the 504 representatives at each school.

FISH numbers fluctuate based on DOE inspection and classification criteria in addition to facility changes.						
Schools identified in red are considered to be at capacity because they are at 90% or above.						
Schools identified in yellow are considered to be at capacity for one or more grade levels.						
Schools in green are not at capacity for any grade level.						
*Students "Co-Enrolled" between the High Schools and WTC are counted within the "Enrollment" totals for each High School. They ARE counted in the "Enrollment" total for WTC as seats taken towards capacity.						
**Please note that the AES and MycroSchool are CCSB Public sponsored Charter Schools.						

DEBT SERVICE FUNDS

DEBT SERVICE FUNDS

The Debt Service Funds are used to account for the payment of principal, interest and other costs associated with the District's outstanding capital debt. The District maintains three funds to record the debt service. The funds are Capital Outlay Bond Issues (COBI), Other Debt Service and ARRA Economic Stimulus Debt Service.

Capital Outlay Bond Issues (COBI)

Collections from the State's Motor Vehicle License Tax are allocated to school districts and community colleges based upon a constitutional funding formula. Funds from CO & DS may be used for projects on the District's Project Priority List (PPL) and should be used in order of priority need. After June 30 of each year, the district receives from the state a "book entry" showing the status of our account.

ARRA Economic Stimulus Debt Service

The American Recovery and Reinvestment Act (ARRA) of 2009 authorized the issuance of Qualified School Construction Bonds (QSCBs) to finance school construction and other eligible projects for public schools. A QSCB is an interest-free bond issued by a state or local governmental entity. Instead of receiving periodic interest payments from the issuer, the QSCB bondholder receives a federal income tax credit while the bond is outstanding. The District's debt service obligation is only for the principal amount of the bonds. In May, 2010, the District issued \$35,000,000 in QSCBs for the construction, renovation and remodeling of Crystal River High School.

In 2017 the district made the second payment into a "sinking fund". This fund is accumulated and set aside by the school district for the purpose of redeeming the \$35,000,000 bond principal payment in 2027.

CAPITAL FUNDS

CAPITAL PROJECTS FUNDS

The Capital Projects Funds account for the financial resources used for equipment, buses, fleet vehicles, technology, enterprise software, property and casualty insurance, and the construction, maintenance, renovation and remodeling of educational facilities. The major sources of revenue for the Capital Projects Funds are state and local revenue.

State Sources

Public Education Capital Outlay (PECO)

Pursuant to Article XII, section 9(a)(2) of the Florida Constitution, PECO consists of revenues derived from the collection of the gross receipts tax on utilities, including transfers from the Communications Services Tax and through the issuance of bonds supported by these revenues. PECO maintenance may be used for remodeling, renovation, maintenance, repairs and site improvements for existing satisfactory facilities; these funds assist school districts in expanding or upgrading educational plants to prolong the useful life of the facilities.

Capital Outlay and Debt Service (CO&DS)

Pursuant to Article XII, section 9(d) of the Florida Constitution, the first proceeds from the tax on motor vehicle licenses are available to school districts for capital outlay purposes. CO & DS funds may be used for capital outlay projects included on a school district's Project Priority List, which is developed from the educational plant survey as approved by the Florida Department of Education.

CAPITAL PROJECTS FUNDS

Local Sources

Property Taxes levied

School boards may levy up to 1.5 mills as prescribed in section 1011.71(2), Florida Statute. Section 1011.71 (2)(a)-(j) authorizes school boards to expend the funds raised for costs of construction, renovation, remodeling, maintenance and repair of the education plant. These funds may also be used for expenditures that are directly related to the delivery of student instruction, conversion of space, a new school's library media center collection, school buses, servicing of payments related to lease-purchase agreement, equipment, computers and enterprise software. In addition, section 1011.71(5) authorizes school boards to expend up to the \$100 per unweighted full-time equivalent student for payment of the premiums for property and casualty insurance necessary to insure school district educational plant and ancillary plants.

All proposed expenditures must be identified and advertised during the budget process. Budgeted revenues from local taxes are determined by applying millage levies to 96% of the school taxable property. School board adoption of millage levies is governed by the advertising and public meeting of chapter 200, Florida Statute. Taxes levied in 2017-2018 will generate \$13,654,737.

Bonds

School districts are authorized to sell bonds for capital outlay projects to be repaid from local property taxes. The authority for the issuance of the bonds and the repayment from local property taxes is Article VII, section 12 of the Florida Constitution, section 200.001(3)(e), Florida Statute and sections 1010.40 – 1010.55, Florida Statutes.

Impact Fees

Impact Fees are a way to require new development to pay a proportionate share of public infrastructure costs necessitated by its development. Local Impact Fees have been suspended by the Board of County Commissioners effective February 1, 2015. The balance of funds allocated to the school district may be used for additional infrastructure created to accommodate growth.

SPECIAL REVENUE FUNDS

SPECIAL REVENUE FUNDS

Special Revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The district has the following Special Revenue Funds:

Fund 4101 - Food Service Fund accounts for the School Food Service Program. Revenue for this program comes from federal, state and local sources. Expenditures are restricted to the food service program.

Fund 4201 - Federal Cash Advance projects are federally funded programs that allow the district to request cash as needed to pay outstanding obligations.

Fund 4202 - Federal Direct grants are received directly through the Federal government and do not flow through the state.

Fund 4203 - Pell Grants are received directly from the National Department of Education to provide need-based grants to low-income undergraduate students.

FOOD SERVICE FUNDS

Fund 4101

Food Services

The mission of the Food Services Department is to provide nutritious meals to all students in a highly efficient and cost effective manner. The department will provide courteous and friendly service to all customers regardless of economic and ethnic background. The department is responsible for complying with local, state and federal guidelines and regulations while meeting the needs of our students and supporting the District's goals.

The food services budget provides for the expenditures of funds with regard to Federal restrictions to provide nutritious meals for students of the school district. All meals are served in accordance with USDA guidelines.

For FY 2017 the Food Services Program is providing funding for the custodial and support personnel used in the cafeteria. The funding amount for these services is approximately \$800,000.

DOE-200
Revised 07/15

INTERNAL SERVICE FUND

INTERNAL SERVICE FUNDS

Self-Insurance Fund

The Self Insurance Fund is used to account for the health insurance of the District's employees and retirees.

The premiums collected from employees and retirees are recorded in this fund, along with the contributions made by the District according to contract.

Employee deductions for 2016-2017 were either \$80.02, \$135.00 or \$309.58 per month for single coverage, either \$900.00, \$832.00 or \$1,195.00 for single plus one and either \$933.03, \$907.12 or \$1,270.62 per month for family coverage (depending on plan selection). The district contributes \$480.00 for each employee selecting District sponsored health insurance.

The District is self-insured and pays the first \$150,000.00 of each claim after the processing of allowed Florida Blue contracted rates and employee paid calendar year deductibles and co-insurance. CCSB negotiated to reduce the rate of reinsurance costs by retaining the first \$300,000.00 of claims exposure over \$150,000.00. Reinsurance is purchased through Symetra Life Insurance Company.

The District also operates a wellness center in which employees, who have District health insurance, may see a doctor free of charge and may receive stocked generic medicines free of charge. The center is operated through the District under a contract with CareHere!. Expenses related to the clinic are also recorded in the self-insurance fund.

FIVE YEAR WORK PLAN

INTRODUCTION

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.

If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.

If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

Summary of revenue/expenditures available for new construction and remodeling projects only.

Revenue

1.50 Mill Revenue Source

Schedule of Estimated Capital Outlay Revenue from each currently approved source which is estimated to be available for expenditures on the projects included in the tentative district facilities work program. All amounts are NET after considering carryover balances, interest earned, new COP's, 1011.14 and 1011.15 loans, etc. Districts cannot use 1.5-Mill funds for salaries except for those explicitly associated with maintenance/repair projects. (1011.71 (5), F.S.)

Infrastructure Tracking

Necessary offsite infrastructure requirements resulting from expansions or new schools. This section should include infrastructure information related to capacity project schedules and other project schedules (Section 4).

Not Specified

Proposed location of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. Provisions of 1013.33(12), (13) and (14) and 1013.36 must be addressed for new facilities planned within the 1st three years of the plan (Section 5).

Not Specified

Consistent with Comp Plan? No

Net New Classrooms

The number of classrooms, by grade level and type of construction, that were added during the last fiscal year.

List the net new classrooms added in the 2016 - 2017 fiscal year.					List the net new classrooms to be added in the 2017 - 2018 fiscal year.			
"Classrooms" is defined as capacity carrying classrooms that are added to increase capacity to enable the district to meet the Class Size Amendment.					Totals for fiscal year 2017 - 2018 should match totals in Section 15A.

Planning

Class Size Reduction Planning

Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.

The School District plans to minimize the need for additional full time student stations by reviewing facility capacity and utilization at the District level on an annual basis and implementing the necessary steps to maximize the efficiency of classroom space. Attendance boundary changes and/or new construction will be used to address student population growth. Financing from impact fees and/ proportionate share agreements may be used to accelerate construction to meet the demands of a particular residential development.

School Closure Planning

Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

No school closures are planned at this time.

Long Range Planning

Ten-Year Maintenance

District projects and locations regarding the projected need for major renovation, repair, and maintenance projects within the district in years 6-10 beyond the projects plans detailed in the five years covered by the work plan.

Project	2021 - 2022 / 2026 - 2027 Projected Cost
Major Renovation Project	\$12,000,000
Major Renovation Project	\$12,000,000
Phase 3 of Campur Renovation - Including New GYM, ROTC and Replacement Classrooms	\$10,000,000
Years 6 through 10 - Maintenance and Renovation Projects	\$11,730,000
	\$45,730,000

Ten-Year Capacity

Schedule of capital outlay projects projected to ensure the availability of satisfactory student stations for the projected student enrollment in K-12 programs for the future 5 years beyond the 5-year district facilities work program.

Certification and Compliance

District School Board
of Citrus County, Florida

Commissioner of Education
State of Florida
325 W. Gaines Street, Room 814
Tallahassee, Florida 32399-0400

Dear Commissioner:

I certify that the District Summary Budget for the fiscal year July 1, 2017, through June 30, 2018, as approved by the school board on September 11, 2017, and recorded in the official minutes of the school board, is the official District Summary Budget and was transmitted to the Florida Department of Education on September 6, 2017.

The District Summary Budget has been prepared in accordance with the program expenditure requirements in section 1010.20(3)(a), Florida Statutes.

During the budgetary process, consideration was given to the district aggregate program expenditure requirements and all available data have been examined to determine compliance with these requirements. Upon notification by the Commissioner of noncompliance during the prior year, we will review our district budget and make amendments necessary to meet legislative requirements.

NOTICE OF TAX FOR SCHOOL CAPITAL OUTLAY

The Citrus County School District will soon consider a measure to continue to impose a 1.500 mill property tax for the capital outlay projects listed herein.

This tax is in addition to the School Board's proposed tax of 5.081 mills for operating expenses and is proposed solely at the discretion of the school board.

The capital outlay tax will generate approximately \$13,654,737 to be used for the following projects:

CONSTRUCTION AND REMODELING

CREST HVAC Upgrade
Citrus High School Reroof Building 2, 3, 6 & 12
Floral City Elementary School Schematic Design for Kitchen Renovation/Remodel
Hernando Elementary School Kitchen Renovation/Remodel
Inverness Primary School Reroof Building 1, 3 & 5
Lecanto Middle School HVAC Upgrade
Withlacoochee Technical Schematic Design for Cafeteria & Serving Area Renovation
Purchase properties adjacent to existing school sites
